

Dear

I'll get your point and we will submit a draft version before end of October at the latest. Attached you will also find the final report from Antea about the Kriging pilot project. Unfortunately, as you are already aware, it doesn't look promising.

Kind regards,

Hoofd mijnbouw

Betreff: Meet en regel rapportage 2017

Dear

The 'Meet en Regel rapportage' based on the 2017 levelling campaign is due sometime soon. I understand there were some difficulties in getting the alternative method implemented, but this should not delay the reporting too much.

Please keep in mind that the 2015 M&R was never submitted in an acceptable manner. We stopped efforts to get that right, as the 2017 campaign was on its way already. This is a violation of the conditions put down in the instemmingsbesluit (jan 2012) with the Barradeel II winningsplan.

As it occurred during the Q2 meeting recently, Frisia (Toine) intend to return to the method used in 2015/16. I would like to remind you of the difficulties we had with the results of that method then.

Can you provide us with a time schedule? The report should be finalized before the end of the year, and I suggest to provision time for a draft version. This means that we should have a reasonable draft version by the end of October at the latest.

Best regards,

dr ir Mathijs W. Schouten
